Pulse Flow
พัลส์โฟลว์

OUT OF THE GROUP CHAT

The pulse of your rental operations

จังหวะการทำงานของบ้านเช่าคุณ

Organize your workflow

- The whole team on the same page
- Know who did what and when
- Less chatting. More done

Team synchronization

Keep managers, maintenance staff and rental agents connected in real time.

Task tracking

A clear log of every operation with exact timestamps and ownership across property maintenance.

Rental operations

Reservations, check-ins, guest requests and routine inspections from one clear portal.

Time back to the team

Cut chat groups and repetitive coordination and give your property team productive conditions.

Start streamlining today

Join property managers across Thailand in modernizing rental operations.
